Paper Recycling

Legacy Holdings LLC dba Legacy Marketing Group works closely with consuming mills and other brokers, we develop consistent markets for many grades of paper. Working with industrial generators, recycling centers, warehouses, municipalities and haulers here and overseas, just to name a few, we are often able to salvage damaged or obsolete paper. Whether it is baled, bundled, skids, gaylords or in roll form, we will work hard for you to provide a realistic pricing structure and consuming partner. Our prices are very competitive!

Books and Magazines

LMG buys hard and soft cover books, magazines, text books and telephone books from numerous Publishers and Distributors for recycling and destruction. We will work with you to develop recycling and destruction in trailer load quantities anywhere in the United States. Any and all forms!

Cardboard Recycling

Legacy Marketing Group provides complete recycling services with any and all cardboard products regardless of the color, grade, type, etc.

Hauling/Pickup Services

Legacy Marketing Group LLC has partnered with companies across the country for the purpose of hauling loose cardboard, trash and other services. We will handle all pickups on your companies schedule and make it as hassle free as possible. No hidden fees!!!

Balers

Are you considering installing a baler to bale the cardboard at your place of business? If so, Legacy Marketing Group and its' affiliates can provide pick-up for your bales.

We recommend a baler when:

- A business is generating more than 20 yards of loose cardboard per week.
- You have the space to store bales safely and securely inside your place of business.
- Access to the storage area is accessible for trucks to access the bales.

Do you want to purchase or lease a baler? Contact us so that we can arrange a site visit and prepare a proposal to suit your needs.

About Us

Legacy Marketing Group is based in Greenville, South Carolina. We are a wholesaler of book and gift products. We work with many publishers as well as other wholesalers in the industry buying and selling product. A few years ago we saw the major need for discounted products while working as sales representatives to Independent stores in the Christian Industry. We decided to develop a company where we could offer a lot more product for a lot less cost, helping stores stay competitive in the market!

Inventory

Our inventory is comprised of remainders, hurts, returns and closeouts from the publishers. Our books are not used but may be "remainder marked" by the publisher. Returned books may have another store's sticker on them. Although we do not remove stickers prior to shipping, we have found they can be easily taken off in most cases. We also sell skids of all types. We focus on Christian related products, but of course have books and skids in cooking, fitness, computer, gardening, coffee table, etc. You name it - we can get it! As long as it is non-offensive!

Wholesale Customer Requirements

Customers must be a registered business or non-profit organization (libraries, schools, etc). US businesses and organizations are required to provide a Federal Tax ID number to establish exemption from sales tax.

Minimum Order Requirement

Legacy Marketing Group requires a minimum purchase of 3 copies per title and a minimum order total of \$300 unless stated otherwise.

Order/Credit

A purchase order may be used to complete purchases. An order is not an order unless paid! Generally, everything must be paid upfront, as such, we do not grant terms. Of course, on special occasions, we are willing to discuss how we may best serve you.

Shipping

The buyer pays shipping unless free freight is offered on any given skid or special. We can ship using the 3rd party logistics company of your choice or we can arrange the freight and send an invoice. You must contact us at the time of your order to make 3rd party logistics arrangements. We require freight forwarder information for large international shipments.

Return Policy

All books are sold on an as-is, non-returnable basis. Claims for shortages must be made in writing within 15 days of receipt of goods.
